Summary:

As a software developer, I have a passion for creating and building innovative and efficient applications. With a strong foundation in frontend technologies such as HTML, CSS, and JavaScript and an evolving knowledge in React, Node.js and Tailwind, I am able to create engaging and intuitive user experiences. My strong problem-solving and communication skills, along with my ability to work well in a team environment, make me an asset to any development project. I am excited to continue learning and growing as a developer while creating meaningful and impactful applications.

Frontend Skills:

- ✓ HTML/CSS: Proficient in creating and styling web pages using HTML and CSS. JavaScript:
- ✓ React: Experienced in building user interfaces using React, including creating custom components and integrating with APIs.
- ✓ Responsive Web Design: Skilled in designing and building web pages that are optimized for various devices and screen sizes.
- ✓ Bootstrap: Proficient in using the Bootstrap framework to quickly and easily create responsive layouts.
- ✓ Figma: Proficient in design and prototyping using Figma.
- ✓ Git/Github: Proficient in version control and collaboration using Git and Github.
- ✓ Tailwind CSS: Proficient in styling and layout using the Tailwind CSS framework.
- ✓ Basic knowledge of how to use node.js.
- ✓ A fundamental understanding of component design and how it applies to the web.
- ✓ Basic understanding of asynchronous request handling, partial page updates, and AJAX/AXIOS

Backend Skills (in view)

PHP, Node and MySQL,

Project Experience:

- ✓ **JobPlus (Job Site Search Engine Frontend)** - I built a job site search engine interface. Utilized Tailwind CSS, SASS, Flexbox, and Grid for styling and layout.
- ✓ **Created a weather App** - Deploying weather API.
- ✓ **Created a To-do App with React and SASS**
- ✓ **Created a Basic store list showing available and out of store goods using React, Vite and Tailwind**

Education:

- ✓ **Codehance Virtual Tech Training, UK** | JavaScript, React & Basic Node.js HTML5, CSS3 and ES6/5, SASS, Tailwind | 2022/2023 |
- ✓ **SheCodes Virtual Training** | Basic, Plus, Responsive Certificates | 2022/2023
- ✓ **Kodehauz/Kodecamp Bootcamp** | Certificate in UI/UX | 2022 |
- ✓ **SideHustle virtual training** | Data Analytics | 2022 |
- ✓ **Master of Science in Information Technology** | UCN | Dec. 2017 |
- ✓ **Certificate in Advanced Web Design and Animation** | CSS2, HTML | 2008 |
- ✓ **Microsoft Certified Systems Engineer** | 2000 |
- ✓ **Bachelor of Technology in Industrial Chemistry** | Federal University of Technology Akure, Ondo State | June 1991 |

Additional Skills:

- ✓ Agility in learning new technologies.
- ✓ Fluent in English
- ✓ Excellent written and verbal communication skills.
- ✓ Strong teamwork and collaboration skills
- ✓ Knowledge of agile development methodologies (Trello, Asana etc.)
- ✓ Adhering to project deadlines and delivering quality code
- ✓ Translating UI/UX design wireframes to actual code
- ✓ Assisting in user story identification, task breakdown, effort estimation and implementation of new software features in an incremental manner using agile methodologies
- ✓ Collaborating with other developers to enhance the UI software architecture.
- ✓ Delivering high quality software that is scalable, high-performing, and robust.
- ✓ Building reusable code and libraries for future use
- ✓ Performing and participating in code reviews
- ✓ Assisting customer support staff and customers with troubleshooting
- ✓ Researching new technologies and software solution – out-of-the-box innovative thinker
- ✓ Staying current in the field of software development; learning new programming platforms, tools and languages as needed
